# Here's How to Throw a Hamptons-Worthy Party Even When You're Not in the Hamptons

By [Mila Pantovich](#) Aug. 5th, 201571  
SHARES

The Hamptons has long been synonymous with summer retreats, old money and parties. The stretch of hamlets and villages just east of New York City has maintained its top-notch event reputation for decades, which is certainly helped by its stellar location. Surrounded by water means the Hamptons has tons of beaches and is home to some of the most beautiful estates. In fact, according to Hamptons

entertaining expert and author [Annie Falk](#), the short distance from New York and its vibrant farming community makes the spot a “gastronomic gem where one can find fresh-from-the-sea lobster, clams, scallops and oysters, as well as a dizzying variety of just-picked fruits, vegetables and herbs.”

With so many factors falling into place, it's no surprise that a Hamptons party has a very distinct style and aesthetic, but that doesn't mean you have to actually live there full-time to get the look.
